

## Official Letter

14 September, 2007

Racine Federated Inc. (RFI), the legitimate holder of trademark “Dynasonics” (“TM”), has been using the TM worldwide for over 30 years and enjoyed good reputation in the field of Flowmeter and Flowmeter Monitor. As the Chinese translation of this well known trademark, the Chinese equivalent mark “迪纳声” has been used for more than 10 years either separately or together with the TM ever since RFI entered the China market in 1996. In order to expand the business in China, RFI has worked closely with its Chinese agents and distributors in promoting and marketing the TM and/or with its Chinese equivalent, and has thus built strong brand recognition among related public in China. Recently, RFI discovered that Di Hua Technology Company Limited (“Di Hua Tech” hereafter), registered the TM and its Chinese equivalent in bad faith in China, and also sent cease and desist letters to RFI’s Chinese agents and distributors. Di Hua Tech also published on its website an announcement entitled “Notice of Trademark Enforcement”, which has caused serious damages to the good reputation of RFI and its agents and distributors.

本公司 Racine Federated Inc.(RFI 公司)为“DYNASONICS”商标的合法持有人与使用者，于全球范围使用该商标逾三十年，在所属流量器、流量监视器行业中享有国际盛誉。“迪纳声”为该知名商标的中文译名，自 1996 年产品进入中国以后已结合其英文商标或单独用于宣传、营销等方式超过十年，为开拓其在中国的业务，公司与国内代理商精诚合作，并进行了大量宣传和使用，使该商标在中国相关领域中已具有相当的知名度。近日来，我公司发现迪华科技有限公司（以下简称“迪华科技”）利用在中国抢注商标的手段，向多家我公司代理商发出停止侵权的律师函，并在其公司网站上刊登所谓“商标维权”公告，使我公司及代理商的商誉受到了的重大损害。
